Welcome to the Shirvan National Park

This small development of Eco Lodges is centrally situated in the Shirvan National Park.

Guests will be accommodated in comfortable log cabins combining rustic charm with traditional Azeri hospitality and delicious national cuisine.

Guests will experience the true beauty of the wildlife and open spaces of the low lying Shirvan National Park, which covers 55,000 hectares of unspoiled steppe and water reservoirs. Our experienced English speaking guides will lead tours to explore the flora and fauna.

Mammals such as gazelles, wild boar, jackals and wolves, numerous amphibians, turtles and birds of prey such as falcons, buzzards and eagles are regularly spotted.

Waterfowl - mallard, grey goose and flocks of flamingos pass through Shirvan National Park in their annual migration cycle.

The emphasis for this Eco Break is on sustainability. Lodges are built with local timber and powered via solar panels; water is desalinated and filtered within the small development and local guides and domestic staff are given valuable employment to enable them to stay close to their villages.

Guests can spend their days trekking and wildlife spotting, or just relaxing in the shade and finding inner peace. In the evening in true Azeri custom, dinner will be a feast, with course after course of traditional delicious dishes, complimented by local wine and tea. At the end of a perfect day guests can look forward to star-gazing from their very own wooden hot tub.

Midweek, weekend breaks and two centre breaks combining Shahdag National Park Eco Breaks and Shirvan are available.

Eco Breaks in the Shirvan National Park Include:

- Comfortable rustic lodges with private hot tubs set in a small development in the centre of Shirvan National Park
- Amazing wildlife spotting
- Meal packages inclusive of traditional breakfast, packed lunches and dinner
- Local beer, wine and tea served with meals
- English speaking local guides
- Transfer from Baku
